FOR IMMEDIATE RELEASE

Baby Boomers Get Help Finding the Perfect Active Adult Community in NJ

*New Website Tool Saves Seniors Time, Money and Frustration
in Finding a 55+ Community in NJ that Meets Their Needs*

New construction, re-sales, home styles, price, location, gated security and amenities are just some decisions a Baby Boomer must face when choosing to live in an active adult community. New Jersey has over 100 active adult communities just in Monmouth, Ocean and Middlesex Counties with thousands of available homes for sale in these communities. Finding the perfect home is hard enough, finding the right adult community shouldn't be.

55Plus-Housing.com, a leading resource for NJ real estate information specializing in the 55+ Housing market segment, has released their new [55+ Community Finder](#) search tool to the public. The 55+ Community Finder tool features 12 specific search options to help narrow down the list of active adult communities.

For example, a visitor can quickly find all *gated* adult communities with a *golf course* and some home prices below *\$400,000*. Detailed information about each community is also provided (including homes for sale on select communities) and the ability to request more information from a local Realtor®.

The 55+ Community Finder search tool currently has over 100 communities in its database covering the Central NJ region. Maintenance, additional communities and expansion to other counties in NJ remains a high priority for 55Plus-Housing.com to provide visitors the most accessible and accurate information available online. Access the new 55+ Community Finder tool at www.55Plus-Housing.com/finder

55Plus-Housing.com was established in early 2006 and continues to provide free and useful information online related to the New Jersey 55+ real estate housing market. 55Plus-Housing.com is owned by David Boyd, Realtor Sales Associate at Ridge Realty, 200 Wall Street, West Long Branch, NJ 07764. Office phone: 732-229-2300.
